Talent Powered Prosperity

The Canadian Forum for Social Innovation (CFSI) is a premier, invitation only event convening leaders from higher education, innovation, nonprofit, industry and government to explore alignment on innovation policy, education and practice. Through panels, catalyst roundtables, deliberative dialogues and sense-making workshops, CFSI sparks a national dialogue around key issues building prosperity and wealth-generating innovation.

Partnerships allow us to reduce barriers, welcome everyone at no cost, cater the event and offer stipends to equity deserving community members and participants from nonprofit organisations.

Partner with us to create lasting impact and shape Canada's future!
